Chlorodyne.

CHOLERA, DYSENTERY, DIARRHŒA, CRAMP, AGUE, FEVER, RHEUMATISM, CONSUMPTION, ASTHMA, COUGH, &c.

ALL PAIN, VOMITING AND DISTRESS ceases in a few minutes after taking a dose of that wonderful SEDATIVE ANODYNE and ANTISPASMODIC remedy, CHLORODYNE, discovered by Dr J. Collis Browne M.R.C.S.L., (ex-Army Medical Staff,) the recipe of which was confided solely to J. T. Davenport, 33 Great Russell street, Bloomsbury square, London (Pharmaceutical Chemist) The medical testimony of civil, hospital, military and naval practitioners pronounces it INVALUABLE It relieves pain of any kind, soothes the restlessness of fever, and imparts the most refreshing sleep, without producing or leaving any of the unpleasant effects of opium.

Earl RUSSELL has graciously favored J. T. Davenport with the following extract of a despatch from Mr. Webb, H. B. M's Consul at Manilla, dated Sept. 17, 1864: —"The remedy most efficacious in its effects (in Epidemic Cholera) has been found to be CHLORODYNE, and with a small quantity given to me by Dr Burke I have saved several lives." Earl Russell communicated to the College of Physicians, that he had received a despatch from Her Majesty's Consul at Manilla, to the effect that cholera had been raging fearfully, and that the ONLY remedy of any service was CHLORODYNE.—See "Lancet," December 31, 1864.

From W. Vesalius Pettigrew, M. D., Hon. F.R.C.S England, formerly Lecturer upon Anatomy and Physiology at St. George's School of Medicine: "I have used it in Consumption, Asthma, Diarrhœa and other diseases, and am most perfectly satisfied with the results."

Dr. Gibbon, Army Medical Staff, Calcutta: "Two doses completely cured me of Diarrhœa."

Extract from the General Board of Health London, as to its efficacy in Cholera.

"So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases."

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay: "Chlorodyne is a most valuable remedy in Neuralgia, Asthma and Dysentery. To it I fairly owe my restoration to health after eighteen months' severe suffering, and when all other medicines had failed."

CAUTION.—In consequence of the extraordinary efficacy of this remedy, several unprincipled parties have been induced to vend imitations. Never be tempted to buy Cholorodyne except in sealed bottles, having the words, "Dr. J. Collis Browne's Chlorodyne" engraved on the wrapper. A sheet full of medical testimonials accompanies each bottle. Sole manufacturer, J. T. DAVENPORT, 33 Great Russell street, Bloomsbury, London. Sold in bottles, 2s. 9d and 4s. 6d. Ju24 1yw

GREAT SAVING IN DRESSMAKING.

Mrs. Curtis' First Premium Models.

BY THEM A LADY CAN, IN A FEW minutes, shape any article of wearing apparel, including the GORED DRESS, BASQUINE, SACK, POSTILLION, ZOUAVE, GIRDLE, APRON, PANTALOONS, VEST, &c., to fit perfectly without trying on.

The System is Mathematically perfect, hence it removes all anxiety regarding the fit of a Dress. There will be no ALTERING—no TAKING UP or LETTING OUT, which not only injures the material but destroys the proportions and often ruins the Dress. It is not only exact, but so clear and simple that any person can learn in an hour to cut any garment.

How many ladies of limited means could dress better could they SAVE THE PRICE OF THE MAKING OF A DRESS, which they can do by the use of these MODELS; and how much useless anxiety would be saved by the wealthy and most fastidious were they certain that the dress being made would fit to please them. It WOULD if cut by this system.

Is it not pleasant for mothers to be able to cut, without the least trouble to themselves, all the little Jackets, Pantaloons, Dresses, Aprons, etc., while the children are happy at school or at play.

Ladies, just try to realise yourselves being able to cut, after a few hours' attention to this System, every style of GORED DRESS to fit perfectly without the aid of a pattern or of trying on, and every style of Basquine Cloak, Circular Cloak and all other Cloaks, and indeed every article of wearing apparel to fit every size, from the babe to the largest person, and the cutting to be a delight instead of a trouble. Realise this, and then see if you can get along without these Models.

☞ Applications for instruction, addressed to MRS. WATSON, and left at Mrs. Hein's Millinery establishment, Government street, will receive prompt attention.

☞ Models supplied gratis to those taking instruction, and Fashionable Patterns sold separately if desired. Ladies waited on. m4 1m

MRS. BROWN HAS THE SWEEPS! But all I've got to say is that I do wish as they'd invent somethin' as would consume its own soot, for them sweeps is my constant dread, and as to Old W—ll—s, I'd rather sweep the Chimblys with my own hands than he should ever darken my doors again, as he left his marks all along the passage and shook out his soot bags in the front garden for spite, and the place was pisined for many a day, the soot flew in through the parlor winders and begrimed them from top to bottom.

MARRIED.

On the 12th inst., at New Westminster, at the residence of the bride's father, by the Rev. D. Duff, of St. Andrew's Church, Mr John S. Clute, merchant, youngest son of John S. Clute, Esq., of H.M. Customs, Pictou, C.W., to Jennie, second daughter of William Clarkson, Esq., of New Westminster.

THE FENIAN MONSTER RAMPANT—FILIBUSTERISM AT COOPER INSTITUTE.—Although the U. S. Government have at length been aroused to the necessity of trampling upon this wild and audacious Fenian organization, England may have just grounds for calling in question the sincerity of the professions of neutrality made by Mr. Seward, when such speeches as the following were made in the heart of New York, openly avowing the intention of these deluded blood thirsty robbers, to commit depredations, and spill blood on Canadian soil, and no active measures taken to nip the movement in the bud. On the 19th April, a mass meeting of the supporters of Sweeny and Roberts was held at the Cooper Institute, to which the charge of admission was 50 cents. Col. Roberts addressed the meeting in the most inflammatory language that he could command, concluding with the following remarks: "It was not too late to strike a blow for Ireland, and if the Irishmen aided them that blow would be struck as sure as a Supreme being was over them to-night. (loud and continued cheering) They were going *to fight England three thousand miles away from her base; they were going to fight English Soldiers and Magistrates, and no power could stop them* (cheers.) He had no doubt *America would* strictly observe neutrality A distinguished politician said to him the other day in Washington, "Mr. Roberts, are you going to fight?" "I replied, 'That question is an insult to an Irishman. Yes we are going to fight as sure as God is in heaven.' (Cheers). 'Well,' said the gentleman, 'go ahead; God bless you; and I can tell you we will be silently neutral.' (Cheers). They were going to commence the battle *on British soil*, with veteran soldiers, and not raw recruits. They might fail, but it would be with a prayer for the success of their country; and if victory did not favor them it would be entirely owing to the apathy of Irishmen in America." (Cheers). Another individual named Morrison, next rose, and commenced his harangue by saying he always felt, when about to speak, as if he were guilty of telling England that they were going to strike at her; but it was necessary for the purpose of rousing the proper spirit. But now their last public meeting is being held which will be held under the Stars and Stripes. His speech teemed with such remarks as "They must strike," "They looked upon the English Nation as their enemy," "Vengeance on the battle field &c."

PROSPECTING.—Mr. W. H Kay writes as follows, from Savana's Ferry Hotel, under date June the 5th, to the *Tribune*: The following miners have been fitted out by us with provisions, tools, and a boat, to enable them to propect a creek three miles up the lake, on the right shore, viz.; Messrs. Samuel Merrett and Jno. Merrett, brothers; Thomas Preece and George Clabrough. These men are old Cariboo miners and respectable men. They have represented the country in the neighborhood as very promising, far more so than the Big Bend, and their representations are fully borne out by what I have heard from the miners generally. My object in giving this publicity, is to induce others to give a helping hand to men who are really valuable to the country, and who are obliged to leave it although maintaining a favorable opinion of its mineral resources, simply through want of means There is no question about it, that it sufficient gold can be discovered to give profitable employment to miners for two or three years, its rich silver mines will do the rest, and permanently build up the country. I sent down, two weeks ago, some specimens of silver-bearing quartz to Mr. Barnard. They are to be tested in New Westminster for Messrs. Laveau & DuPrat.

UNDER CULTIVATION—From a party who recently arrived here from Soda Creek, by the Fraser River trail, we learn that a very large area of ground is under wheat this year. In the vicinity of Soda Creek Messrs. Elmore & Colbreth have about 300 acres; at Williams Lake there are about 350 acres; Chimney Creek, two Norwegians have 100 acres; Dog Creek, Messrs. Brown & Wagstaff have 100 acres; Canoe Creek, Mr. Ritchie has 150 acres; at the Indian rancherie there are 30 acres planted by the natives; Barney's Creek, Mr. Wood has 60 acres; at the 21-mile post on the wagon road, Mr. Carsons has 200 acres, Mr. Murray 100 acres, Mr. Coy 30 acres, and at the Junction Lorenzo has 300 acres, making a total of 1,720 acres under wheat. It is surprising that some enterprising capitalist does not erect a flouring mill in the interior. About Williams Lake or Soda Creek a mill would pay extremely well.—*Tribune.*

Complete failure of the Fenian Raid---No Sympathy anywhere in Canada for the Fenians---Prisoners in Canada not yet arraigned---Roberts and his agents try to Swindle Californians---News from California.

EASTERN NEWS.

CHICAGO, June 10—The Fenian failure is made more complete from the fact that nowhere in Canada has there been the least show of sympathy where riots and uprisings were expected.

The Canadian Parliament had assembled. The Governor's speech recommended the suspension of the *Habeas Corpus*. The Fenian prisoners held by the Canadian Government have not yet been arraigned for trial.

CHICAGO, June 9th—The United States District Court met at Richmond on Tuesday, and on Wednesday the case of Jeff Davis was postponed until the first Thursday in October, to which day this court adjourned. No motion was made, as expected, to release Davis, the District Attorney saying Davis was not in the custody of the courts.

SAN FRANCISCO, 11—S. S. Rawson, for many years a resident of this city, was found dead in his room yesterday. He was lying on the floor with his clothes on when discovered, and was supposed to have died suddenly the night previous of hemorrhage of the lungs. Mr. Rawson was a native of Maine, and was sixty years of age. He was a lawyer by profession, and has been located here for several years past, principally as a searcher of records.

SAN FRANCISCO, June 12th.—The Constitution arrived from Panama this afternoon with passengers and mails from New York of the 21st.

The new stern-wheel steamer, called the Reform, was launched last evening from North Yard; she is to run on the Sacramento and its tributaries.

Since the injunction against the U. S. Pacific Telegraph Co., their offices have been closed, and all their business stopped. It is generally understood that the two lines will consolidate, and the whole telegraph business on the coast and across the plains, be under the control of the Western Union Telegraph Co., which own nearly all the telegraph lines in the United States. The new line will be continued across the plains in any event, and will probably be in operation to Salt Lake in August. The contract has been given out, and the work is progressing on the portion of the line between Salt Lake and Denver. The old line now in use across the plains, will soon undergo a complete overhauling east of Salt Lake, where most of the breaks have occured. Before the advent of the new year we shall have two lines of telegraph across the continent.

Latest authentic gold quotations are New York, June 6th. Legal tenders 72½@73.

Last Night's Despatch.

SAN FRANCISCO, June 13—Eastern line is working, but no news has been received. The report following is from private dispatches published this evening:

NEW YORK, June 9—To MR. HAMILL—We mean fight now. Send us every dollar you can. Don't believe the lying reports of newspapers. (Signed) W. B. ROBERTS, President F. B.

NEW YORK, June 9—To JOHN HAMILL—The following we have just received: Pigeon Hill, C. E., June 9—We are in the enemy's country, and the Green Flag waves defiantly. We have captured Pigeon Hill, stormed the centre of Slamb City, taken British colors, and are ready to advance again. Hurry up the ammunition. Victory or Death! The growlers and cowards have gone to the rear. They will talk about our position; but don't mind them, the tried of nerve are at the front.

(Signed) E. L. CARRY.

NEW YORK, June 9—To JOHN HAMILL—God bless your noble efforts in our glorious cause. Our troops are doing their work, and notwithstanding the few arrests everything goes well. Give the accompanying telegram to the San Francisco papers. There is no such word as "fail." All are determined to sacrifice their lives till the work of Ireland's redemption is accomplished.

(Signed) E L CARRY.

SAN FRANCISCO.

Private dispatches state that the opposition steamship Santiego, with passengers, which left here on the 15th May, arrived at New York on the 7th.

Negotiations are said to be going on in London to obtain a subsidy from the English Government for a line of steamers between San Francisco and China. Should arrangements be completed Hong Kong will be made the port of arrival and departure in China. San Francisco is probably the only place of commercial importance carrying on distinct export and import trade that the English Government has not subsidised steamship lines for, and though direct mail communication with London by the east might have been looked for, it would be strange should the first English mail boat come from the west. Not very long after we have seen the China steamship line in regular action, we shall in all probability have either the Royal Mail West India and Pacific Co.'s vessels running between San Francisco and Panama. If our merchants think it would be any gain to them to have a semi-monthly English line they have only to bestir themselves. The argument that, in conjunction with China, it would put a girdle of mail communication around the world would be irresistible even to the most parsimonious members of the English House of Commons.

Steam communication between Australia and England via Panama is about to be inaugurated. The first mail steamers from the colonies to Panama will be despatched in about a month. This will afford us regular monthly mail facilities with Australia.

Sterling Exchange was higher though demand was not active. Gold, on the 9th, 139½.

VOLUNTEER CAVALRY—A meeting of gentlemen interested in forming a mounted Volunteer Corps was held yesterday at the office of Messrs. Franklin, and about 20 gentlemen signified their intention of joining.

From British Columbia.

GOOD NEWS FROM CARIBOO.

The steamer Enterprise arrived yesterday from New Westminster with 50 passengers and Dietz & Nelson's Express, bringing a few thousand dollars in treasure.

Among the passengers were Messrs. Robt. Greig, Manager of the Richfield branch of the Bank of British Columbia, Mr. M. G. Phillips, late Recorder at Williams Creek, and Mr. H. N. Steele, who left on the 4th instant. They represent that the prospects of Cariboo never looked so bright, and it is confidently expected that the yield of gold this season will exceed that of last year by over one-half. Mr. Steele, who is an old and experienced miner, and one of the pioneers of Williams Creek, has the most unbounded faith in the country. He considers it the richest mining district in the world, and says where hundreds are now working, in a few years there will be thousands. Every person at present appears to be doing well, and making money on the creek.

The Aurora Company were taking out the biggest kind of pay. They washed up on Sunday week 305 ounces, the result of two days' washing, although the gold was taken out in six hours. Hilton, the foreman, was of opinion they would be able to wash out 1,000 ounces. The company were evidently in very rich ground, which might yield enormously. The Forest Hill Co. were doing very well; on Sunday they took out a piece weighing $39. The Forest Rose Co. had struck what was supposed to be the Prairie Flower lead. The Caledonia was also doing very well. The Davis Co. were taking out big pay, but Judge Begbie was determined to interdict them and had granted a Chancery injunction on behalf of the Aurora. This had occasioned much dissatisfaction, and some trouble was expected. The Bedrock Flume was considered a good thing. Many of the claims were taking out good wages, and there was more genuine mining going on than had ever been seen before. Grouse Creek was turning out much gold, and is considered rich.

[From the Sentinel of the 4th.]

WILLIAMS CREEK.

Work is being carried on in the various claims from one end of the creek to the other with great energy. No remarkable strike have been made however since our last general report. Every man appears to be busy, and even the returning Big Benders, who are arriving here daily, are readily finding employment.

We hear the Cameron Company have discovered some rich ground on the West side of the creek, and have located a great portion of the old Despard claim, which was abandoned in 1863.

MINK GULCH.

We understand that a company at the mouth of this gulch have taken out good prospects during the last week; the gold is very coarse.

GROUSE CREEK.

The Ne'er do Well Company took out of two sets of timbers, last week $500.

The Discovery Company took out for two days work 50 ounces, they are busy sinking an air shaft.

The Heron Company have run a tunnel 170 feet into the hill, and sunk three shafts in it, in the last one it was found that the bed rock was pitching towards the creek; they have gone back a short distance and are sinking another.

The Reid Company, 6 shares, have been busy running a ground sluice on the opposite side of the creek to where the channel has been found, they have found the rim rock pitching into the hill; some pay was taken out inside this rim rock last season.

ANTLER CREEK.

The water has risen in this creek, stopping for a time active operations in claims located in the bed of it. Neil & Co. in the bank below the canon will commence to wash next week. Ross & Co. are working on the opposite bank.

Last Chance Company are still working on their drain.

Provisions are plentiful on the creek.

MISCELLANEOUS.

Goods are being freighted from Yale to Williams creek for 17cts per lb. Freight will be even lower than this as the season advances.

We understand that Mr. J. S. Thompson has been appointed Deputy Sheriff of this District. He holds his appointment direct from Mr. Homer.

A new building, called the "Cambrian Hall," was opened at Barkerville, on Saturday evening. We understand it has been built by a society of Welchmen and will be used as a Meeting House and News and Lecture Room.

The weather has been as pleasant as it could possibly be in the lower country at this season of the year. The effects of this uninterrupted spell of warm weather are to be observed in the increased body of water which now fills the creeks and gulches, everywhere converting streamlets into torrents and creeks into rivers.

[From the Columbian.]

From Mr. R. N. Steele, who left Williams Creek on the 4th inst., we learn that prospects in Cariboo looked very bright. The following claims were doing well:

The Cameron, Moffat, Caledonia, Last Chance and California Tunnel Companies were paying well.

The Davis Company had declared dividends of $1,100 to the share for a weeks' work.

The Aurora Company was paying well, on Sunday, the 3d inst., they cleaned up 305 ounces for six hours' washing.

The Morning Star Company had got a large prospect.

The Reid Company, in Conklin Gulch, got $100 in the bottom of a new shaft.

Provisions on the creek were plentiful and cheap.

LATER FROM BIG BEND.

(From the Columbian)

From Mr. Hatch, of Victoria, who arrived from Seymour on Monday, we obtain the following information;

There are about 500 men at Seymour, chiefly miners, waiting for the water in the creeks to abate and for more definite results of mining operations. Seymour is now the least expensive place to live above Yale, merchants selling freely at the following retail prices: Flour, 16c; bacon, 60c; beans, 20c; tea, $1 to $1 50; sugar, 30c; dried apples, 37½c; potatoes, 6c at the stores, but frequently sold as low as 3c by the Indians; butter, $1; beef, 20c to 30c. Most of those articles occasionally change hands at much lower figures, from parties about to leave disposing of their stores. Improvements are completely at a stand, owing to the uncertainty felt respecting the route as well as the mines. Some of those who came back to Seymour are turning their attention to prospecting the various creeks emptying into Shuswap lake.

The Hudson Bay Co.'s steamer Marten is running twice a week between Savana's Ferry and Seymour. She charges $10 fare and $20 a ton freight. These charges are considered exorbitant, and the small boats are liberally patronised, most of the miners going by them in preference to the steamer. They carry passengers for $2 50 up and down, and charge $15 a ton for freight. They make the trip in four and a half days up and two and a half back.

Mr. Trutch was at Cache Creek a week ago yesterday, and would proceed to Savana's Ferry, taking the steamer to Seymour next trip.

Ex Mayor Harris, of Victoria, had left for Seymour.

The damage done by the flood had been chiefly repaired, and the roads and bridges were again passable.

The waggon road to Yale was again open for traffic, the water in the canyons having fallen about 15 feet. Freight teams were met en route to Lytton.

ADDRESS TO ROBT. GREIG, ESQ.

We learn from the *Sentinel* that an address signed universally by every class in the community was presented to Mr. Greig, manager of the Richfield branch of the Bank of British Columbia, previous to his departure, of which the following is a copy:

WILLIAMS CREEK, B. C., 2nd June, 1866.

ROBERT GREIG, ESQ., DEAR SIR—We have just learned that you are about to leave us, and while we regret exceedingly the necessity which will terminate our agreeable social and business intercourse, it affords us much pleasure to bear testimony to your upright, prompt, and manly conduct while Managing Agent of the Bank of British Columbia here; and we hope sincerely that the change in your position will be both agreeable and profitable to yourself, but whether this be the case or not you will bear with you our best wishes for your welfare and success in future life.

We remain very truly and sincerely your friends,

W G Cox, J P, D Oppenheimer,
Alexander Jack, Robert Burrell,
M Hilton, John Bowron,
C Fulton, G A Walkem,
Thomas Harvey, J S Thompson,
and 400 others.

Mr. Greig in returning thanks to the deputation who waited on him with the address, said that it gave him great pleasure to find on leaving Cariboo that he had acquired during his residence there the esteem of so many friends, whom he regretted to be compelled to leave, but whose kindness he should never forget.

Mr. Greig was also entertained at supper, together with Mr. M. G. Phillips, the highly respected late Recorder, at the London and Paris Hotel, Richfield, on the 2nd instant. Judge Cox occupied the chair, and Mr. D. Oppenheimer the vice-chair. Among those present were Messrs. Walkem, Burrell, Buie, Gowan, Allan, Fitzgerald, Phillips, Winkler, and many others. The highest eulogies were passed upon the two guests.

CHINESE LICENSES.—The Gold Commissioner has had an order translated into the Chinese language and posted at the most prominent places along the creek, calling on all Chinamen who are at work on the mines either on their own account or hired by others, to take out mining licenses at once; he will send out his constable in a few days to ascertain whether they have done so, and those unable to produce a license will be liable to a fine of £50 or three months' imprisonment. This is as it should be, indeed we cannot see why these almond-eyed sons of the flowery kingdom should have been allowed to work our mines so long, without being compelled like their white brethren to contribute their due share of the general taxes of the colony. In every other country they have to contribute liberally to the revenue.—*Sentinel.*

AN AUSTRALIAN POLITICIAN—We see by late accounts that Mr. O'Shaughnessy, one of the most celebrated, if not indeed the most celebrated, politician in Australia, has retired from public life, on account of the state of his health. An exchange says; "Many have differed from him frequently on minor topics, but no one can deny that he is the leading statesman of Victoria, and that the residents of that colony are mainly indebted to him for the privileges they now enjoy."

FROM SAN FRANCISCO.—The bark Rival, Captain Blair, arrived yesterday morning nine days from San Francisco, having sailed on the 4th instant. She brought four passengers and a large cargo of general merchandise; the manifest value of which is $30,600. She is consigned to Pickett & Co., and is discharging at the Hudson Bay Co's. wharf. She was brought to and examined by H.M.S. Alert off the Harbor.

THE U. S. S. LINCOLN arrived yesterday afternoon from Port Angelos. The large suspicious looking Russian or Fenian piratical craft, mentioned yesterday by our contemporary, as having been seen by the schooner Crosby, steering for the other side, is said to have been the U.S. steamer Saranac from San Francisco.

BANKRUPTCY COURT.—*Re Malowanski*—Witnesses were examined yesterday before the Chief Justice touching the goods and property of the bankrupt, and several issues were ordered to be tried. *Re Copland*—The bankrupt came up for his second examination, which was adjourned.

GLADSTONE AND THE FENIANS.—Mr. Gladstone severely denounced the Fenian designs against innocent British colonies, and said if they carried out their diabolical threats, the whole power of England would assist the colonies in their defence.

SENTENCE COMMUTED.—Sergeant Darragh, tried by court martial for Fenianism and planning a mutiny in Cork Garrison, was found guilty, and sentenced by the Court to be shot. Her Majesty however, commuted the sentence to penal servitude for life.

HIGHWAY ROBBERY—The Indian, Chinote, arrested on suspicion of robbing Hang Att, a Chinaman, on the highways, was yesterday remanded until Friday.

THEFT—Bob, a Sooke Indian, was charged yesterday by an Ohiat Indian named Sampson with stealing sundry articles of wearing apparel. Bob was remanded for one day.

THE KEANS took their farewell of America, at the N. Y. Academy. The audience was large.—Mr. Kean made a touching speech, and said that he should leave the profession in 1868.

WHISKY SELLING—Louis Le Clair pleaded guilty yesterday to supplying spirits to an Indian, and was remanded for one day for sentence.

THE NEXT STEAMER.—A despatch received yesterday from Holladay, states that the steamer Sierra Nevada would leave for this port on Saturday next.

EARLY HAY—Mr. Thomas Carter, of Hillside farm, has already begun to use the scythe, a prosperous indication, when we consider the backwardness of the season.

THE STEAMER FIDELITER left Portland on Tuesday evening, with 15 passengers, and 40 tons of freight for this port.

THANKS to Capt. Blair, of the bark Rival, for late San Francisco and Eastern papers.

TEETH IN RUINS

Are a sure drawback on personal appearance and personal comfort. Therefore, keep them in good repair with that established antidote for all diseases that assail them, fragrant **Sozodont.**

HOLLOWAY'S OINTMENT AND PILLS, a certain remedy for diseases of the skin—Ringworm, scurvy, scrofula, or king's evil, sore heads, and the most inveterate skin diseases to which the human race is subject, cannot be treated with a more safe and speedy remedy than Holloway's Ointment and Pills, which act so peculiarly on the constitution, and so purify the blood that those diseases are eradicated from the system, and a lasting cure is obtained. They are equally efficacious in the cure of tumours, burns, scalds, glandular swellings, ulcerous wounds, rheumatism, contracted and stiffjoints. These medicines operate mildly and surely. The cure effected by them is not temporary or apparent only, but complete and permanent.

THE BEAUTY OF CHILDREN.

A WORD TO MOTHERS.

There is no object in the world more pleasant to look upon than a beautiful child. Even the crustiest of old bachelors must acknowledge this in his heart, however disappointment may have soured his temper. Unfortunately, however, the freshness and natural bloom of childhood are often marred by disfiguring disorders. Sometimes we see youthful faces blemished with fiery circles, and looking as if disease had been at work upon them with a pair of compasses dipped in red ochre. Of course every mother recognises this description of RINGWORM, to which the still more disgusting cutaneous affection known as SCALD HEAD is next to kin. Probably nine-tenths of us have has a touch of these unpleasant eruptive complaints at one time or other, and most of us know that they are not only disfiguring, but excessively annoying and painful. We are aware too, that most of the nostrums recomended for them merly spread and aggravate inflammation, and that it frequently leads to confirmed disease of the skin. Under these circumstances, it is to be presumed that all parents who are not conversant with the wonderful properties of HOLLOWAY'S OINTMENT will be glad to learn, on good authority, that it is a quick and thorough remedy for RINGWORM and SCALD HEAD, as well as for other external diseases. The testimony which goes to establish the fact is incontrovertible, and every mother who wishes to see the faces of her darlings unclouded by erruptions, and their heads uncrusted with excrescent matter, is entitled to know it.

Professor HOLLOWAY has obtained such a reputation throughout the world for his external and internal remedies, that his name must, of course, be familiar to all our readers; but after all, there is no harm in giving point and force to general commendation by specifying certain diseases in which one knows that they have worked wonders. The effect of the Ointment in cases of RINGWORM and SCALD HEAD is but a specimen of its marvellous operation in all skin diseases; yet, we dare say, there are many who have used it for boils, bruises, blotches, &c., &c., who have scarcely thought of it with reference to these two scourges of childhood. If any mother should try it on our recommendation, we have little doubt she will give it a permanent place in her nursery closet for some time to come. Much may be done to prevent the ordinary cutaneous diseases of children by proper diet, strict cleanliness, and regular exercise in the open air; but after the disorder has actually developed itself, there is no curative so reliable as HOLLOWAY'S OINTMENT.—*Albany Daily State Register.*

I., from the 23rd day of May, till the 20th of June, 1866. Where a secret infirmity exists, involving the happiness of a life, and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, local and physical debility, etc., have their source in causes, the germ of which is caused in early life, and the bitter fruit tasted long afterward. Dr. Jordan's Medical Works on the functions and disorders of the Nervous System "Marriage," &c. To be had at Office, James Bay. m18

GABRIEL ON THE LOSS AND RESTORATION OF THE TEETH.—The above is issued by Messrs. GABRIEL, the eminent London dentists, and as it is written by men who have a high standing in their profession, the work is well worthy the perusal of all who value the preservation of their teeth and wish to guard against the many and tormenting evils to which those useful members are subject. Many valuable hints are given throughout the book as to the various means of preserving the teeth and gums in a healthy condition, and of arresting in many cases permanently the progress of decay which may have already set in. The little work is evidently written by men of long experience in their profession, and who are thorough masters of their subject, and as such may be honestly recommended. Extract from the *Monas Herald*, January 2nd, 1864.—As may be seen by our advertising columns, Messrs. Gabriel supply Teeth on their patented system, irrespective of distance or mate.

THE TEETH.—A very comprehensive little treatise on the teeth has just been forwarded to us by the well-known dentists Messrs. GABRIEL. Adopting the language of the preface we may say that in this somewhat pretensious age, at a time when publications of this kind are numerous, a short, unassuming treatise emanating from a firm of long standing containing nothing but that which is immediately to the purpose, will not, we believe, prove unacceptable. The little work contains many valuable hints which will be found eminently useful for the allevation of the miseries of toothache, until the more substantial aid of the professed dentist can be procured. Extract from "Cumberland Pacquet," 2nd January, 1864.—As may be seen by our advertising columns, Messrs. Gabriel supply artificial Teeth and Gums on their patented system, irrespective of distance or climate.

HOLLOWAY'S PILLS

Nervous Disorders.

What is more fearful than a breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? Here is one:—Drink but little wine, beer, or spirits, or far better, abstain from them altogether; do not take coffee—weak tea is preferable; get all the fresh air you can; take three or four of the Pills every night; eat plenty of solids and avoid the use of slops. If these golden rules are followed, you will be happy in mind, strong in body, and forget you have any nerves.

Mothers and Daughters

If there is one thing more than another for which these Pills are so famous, it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous, and renewing suspended secretions. Universally adopted as the one grand remedy for female complaints these Pills never fail, never weaken the system, and always bring about what is required.

Disorders of the Kidneys.

In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be afflicted with stone or gravel, or with aches and pains settled in the loins over the region of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time This treatment will give almost immediate relief after all other means have failed.

Stomach out of Order.

No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver, and reduce it to a healthy action; they are wonderfully efficacious in cases of spasm—in fact they never fail in curing all disorders of the liver and stomach.

Bronchitis, Diptheria, Coughs and Colds

No diseases are more frequent, few more dangerous, than affections of the respiratory organs The first symptoms of disordered action may always be removed by Holloway's renowned Pills. They quickly remedy any temporary stagnation of the blood, relieve the overgorged veins, moderate the hurried breathing, and enable the windpipe and lungs to perform their functions with ease and regularity. These Pills, by their purifying powers cleanse the blood from all impurities and thus fortify the system against consumption, asthma, and other pulmonary complaints.

Debilitated Constitutions

In cases of debility, languor, and nervousness generated by excess of any kind, whether mental or physical, the effect of these Pills is in the highest degree bracing, renovating and restorative. They drive from the system the morbid cause of disease re-establish the digestion, regulate all the secretions, brace the nervous system, raise the patient's spirits and bring back the frame to its pristine health and vigor.

Biliousness, Loss of Appetite, Headache, and Lowness of Spirits.

These Pills effect a truly wonderful change in debilitated constitutions, as they create a healthy appetite, correct indigestion, remove excess of bile and overcome giddiness, headache and palpitation of the heart.

Holloway's Pills are the best remedy known in the world for the following diseases:

Ague	Dropsy	Jaundice	Secondary Symptoms
Asthma	Dysentery	Liver Complaints	Tic-Douloureux
Bilious Complaints	Erysipelas	Lumbago	Tumours
Blotches on the Skin	Female Irregularities	Piles	Ulcers
Bowel Complaints	Fevers of all kinds	Rheumatism	Venereal Affections
Colics	Fits	Retention of Urine	Worms of all kinds
Constipation of Bowels	Gout	Scrofula, or King's Evil	Weakness, from whatever cause &c., &c.
Consumption	Head-ache	Sore Throat

BIG BEND

GOLD MINES,

British Columbia

The **Safest**, the **Shortest** and the **Cheapest Route** to these rich **Placer Mines** is by way of

Victoria, Vancouver Island.

Passengers going this way have not to cross the dangerous Columbia River Bar, and the distance is over **One-Third—or 279 Miles—Shorter by way of Victoria** than by way of Portland.

The Governments of Vancouver Island and British Columbia have subsidised the following powerful steamers to carry miners from San Francisco to Victoria and New Westminster direct:—

The Hudson Bay Co.'s Stm. Labouchere, Capt. Mouat.

The Cal. S. N. Co.'s Stm. Active, Capt. Thon.

These, or other first-class steamers, will run on this route regularly, and will connect at Victoria with swift River steamers carrying passengers to Yale, a distance of 175 miles. From Yale to Savana Ferry, a distance of 133 miles, there is a splendid Government Wagon Road and Comfortable way-side Houses every few miles; over this road travellers can easily walk, or they can ride in Barnard's Fast Four-horse Stages. From Savana Ferry the Hudson Bay Co.'s new and swift **Steamer Marten** will run to Ogden City, upper end of Shuswap Lake, a distance of 111 miles. From Ogden City to the Columbia River, a distance of 34 miles, there san excellent Government Pack Trail.

Miners Going to the Rich Mines of

BRIDGE RIVER

—OR—

CARIBOO

can do so by the Government Wagon Road rom Yale, over which it is easy to walk, or travellers can ride in fast Stages.

The Steamers running from San Francisco for the conveyance of passengers, by way of Victoria and the Fraser River, being under contract to the British Colonial Governments, the Rates of Fare charged are very low, and passengers are expeditiously, comfortably and cheaply conveyed from Victoria to the mines.

Miners going from San Francisco to the British Columbia Gold Mines will derive another great advantage by visiting the FREE PORT OF VICTORIA. In Victoria, Miners can supply themselves with every article they require, free of duty, and 25 to 50 per cent cheaper than they can buy similar goods in California or Oregon.

BENSON'S WATCHES & CLOCKS

WATCH AND CLOCK MAKER, BY SPECIAL APPOINTMENT, TO HIS ROYAL HIGHNESS THE PRINCE OF WALES.

Opinions of the London Press upon Benson's Great Clock and Watches in the Exhibition, 1862

"As a sample of English clock-work on a large scale, the works of this are probably the finest finished that have ever been seen in this country. No Chronometer could be fitted with more perfection or carefully adjusted mechanism.—*Times*, June 11, 1862.

"A triumph of ingenuity.—*Telegraph*, March 31, 1862.

"A more splendid and exquisitely finished piece of mechanism we have never seen."—*Standard*, June 7, 1862.

"Some of them are of great beauty, and if the English watch trade only follow up with the same spirit and success this first attempt to compete with foreigners in decorative watches, there seems to be no reason why we should not get the trade entirely into our own hands." *Times*, June 23, 1862.

"Ranged around the base of the clock were the Watches which Mr. Benson exhibited, and which have been universally admired for the beauty and elegance of the designs engraved upon them. The movements are of the finest qualit which the art of horology is at present capable of producing. The clock and watches were objects of great attraction, and well repaid the trouble of an inspection."—*Illustrated London News* November 8th, 1862

HOLLOWAY'S PILLS AND OINTMENT—Stomach and Kidneys. Between these two organs there exists a close and intimate relation which is demonstrated by the wasting which occurs in all diseases afflicting the kidneys. The disordered stomach is often the first index of renal irregularity. Holloway's remedies used at that juncture would cut short many a serious and fatal attack. They act with wonderful efficacy on every organ of secretion, but especially do they regulate the stomach, liver and kidneys, in restoring their healthy functions, and casting out any obstructions or impurities. It is necessary for the ointment to be well rubbed into the small of the back twice daily, when it is absorbed and greatly augments the purifying and salutary influence of the Pills.

HOLLOWAY'S OINTMENT.—Wounds, Scalds, Burns, and Irritating Sores.—The peculiarly mild, soothing, anti-inflammatory power exerted by this Ointment strongly recommends its use to all persons who have charge of children. Accidents will occur in the nursery in spite of the greatest caution and utmost vigilance. The scratch, the burn, or the scald, treated early with this Ointment, assumes no angry aspect, and never long tortures the little sufferer, whose very cry excites each bystander's compassion and pierces the parents heart. Every nurse should consider this invaluable Ointment an essential to a well appointed nursery. The Ointment is applicable to any sore, whatever its character. It conducts to health as sure as the compass points to the north.

HOLLOWAY'S OINTMENT AND PILLS—Palpitation, Shortness of Breath, Dropsy.—This last named disease is often preceded by irregular action of the heart, and difficult respiration which symptoms are always severe, and ever go from bad to worse, unless proper means of cure be resorted to. In Holloway's unrivalled Ointment and Pills the dropsical patient will ever find succour; the present relief derived from the use of these remedies is marvellously quick, and perseverance in the steady application of this noble Ointment invariably results in a lasting and satisfactory cure. The two medicines act with such energy on the circulation and absorbent system that the dropsical fluid vanishes, and the sufferer finds all the oppressive symptoms daily decline, till natural health returns.

HOLLOWAY' OINTMENT AND PILLS.—Fistulas, Piles, Excoriations, and Strictures, are speedily relieved and ultimately removed by applying this Ointment after fomentation with warm water. Persons suffering from these scourges of the human frame should arrest their progress at once, for it is both insidious and rapid. Fistulas, if long allowed to go on unchecked, not only weaken the nervous system, but destroy life. The sooner these inestimable remedies are used the more certain is success; yet none should despair, hopeless cases have often yielded, and the sufferer has been saved a painful death. In excoriations, a few applicaions of this healing Ointment effect a cure, while the Pills, conjointly used, are especially beneficial in relaxing and removing strictures, whatever their situation or duration.

HOLLOWAY'S OINTMENT AND PILLS.—The ...y medical chest that is furnished with these ...rful remedies needs nothing more. Indigestion, general debility, liver complaint, eruptions, ..., wounds, ulcers, tumours, &c., are infallibly cured by their use. They purify the blood and give tone and vigour to the whole system The Ointment, when well rubbed into the parts affected, enters the flesh just as salt enters meat, and if the Pills be taken as an auxiliary, the cure is speedy, thorough, and permanent. These medicaments are composed of rare balsams, without the admixture of a grain of mercury or any injurious substance. They are peculiarly mild and gentle in their action, and are as safe as they are efficacious.

HOLLOWAY'S PILLS AND OINTMENT.—Influenza, Colds.—In diseases of the throat and chest, so prevalent in this country, nothing so speedily relieves or so certainly cures as these inestimable remedies. These disorders are too often neglected at the commencement; or are injudiciously treated, resulting in either case. in disastrous consequences. Whatever the condition of the patient, Holloway's medicines will restore, if recovery be possible; they will retard the alarming symptoms till the blood is purified and Nature consummates the cure, gradually restoring strength and vital nervous power. By persevering in the use of Holloway's preparations, tone is conferred on the stomach and frame generally; the fluids are regenerated, morbific matter is expelled, and a happy revolution occurs throughout the system.

HOLLOWAY'S OINTMENT AND PILLS—These potent remedies constitute a *materia medica* in themselves, for there is no internal or external disorder controllable by medicine for which the one or the other of them is not a positive remedy —eruptions, tumors, scrofula, scurvy, cancer, asthma, rheumatism, gout, and dropsy entirely subside and disappear under the action of these joint medicines; and in cases of indigestion, sick headache, bile, liver complaints, debility, and other disorders originating in the internal organs, the Pills produce the most astonishing results imaginable. The student of Nature knows how simple are her ways; if one preparation can throw out all the impurities of the blood, disease is conquered and art is triumphant, because it adopted the simplicity of Nature.

HOLLOWAY'S OINTMENT AND PILLS—Acute Rheumatism. In all severe pains in the joints and muscles, after due fomentation with hot water, the soothing action of this Ointment is most remarkable; it seems at once to lessen inflammation, ease pain, reduce the swelling, restore the free circulation, and expel the disease. In these complaints, indeed, Holloway's Ointment and Pills are an infallible specific. The Ointment should be rubbed as near the part in pain as the patient can bear; it is absorbed and directly conveyed to the diseased textures, when, acting on nerves vessels, and guiders, it will arrest disease and again establish healthy action. The aperient and purifying qualities of the Pills have the happiest effect in assisting the Ointment.

HOLLOWAY'S PILLS.—General debility, low spirits, and nervous irritation, are the consequences of dyspepsia or indigestion. The Pills soon give tone to the stomach, renovate the digestive powers, purify the blood, and give strength to the whole system. Sluggishness of the body and depression of the mind are succeeded by a cheerful activity of the physical and mental functions. Indigestion is the parent of so many evils, and is so common, so universal a complaint, that it is a great blessing that such a remedy as this invaluable medicine should have been discovered. No one need long suffer from indigestion with these Pills at hand.
